2016 COMPETITIONS & FUNCTIONS	
December 2016	Christmas Party Bring a plate to share
January 2017	No Club Meeting this month
February 2017	One Minute Competition

From the President's Desk

Wow the year has flown - if I find the handbrake to slow it all down I'll let you know!

At our December club meeting there'll be food drink and lots of conversation (mostly about our shared film making passion...) And with no committee meeting in December and no club meeting in January, guess what? That means loads of free time to make 1 minute films for February and 15 second films for March.

I think both nights are amongst the biggest nights of the year and I think we could crack the record for both nights - 16 for the minute comp and 80 for the 15 second comp. (Correct me if I'm wrong...) Its certainly something to look forward to...

I'd like to wish all of our members a safe and Merry Christmas and a Happy New Year.

See you all then with your batteries fully charged and ready to go

Phillip Reynolds.

Organizing Desktop & Start Menu Shortcuts ...

Like some of you I had a lot of untidy **Shortcut Icons** on the **Desktop** plus using the **Start Menu** to run different applications which could involve quite a few steps and decided to do something about it so programs I needed easy access are only **2 / 3 Clicks** away and does not require any searching.

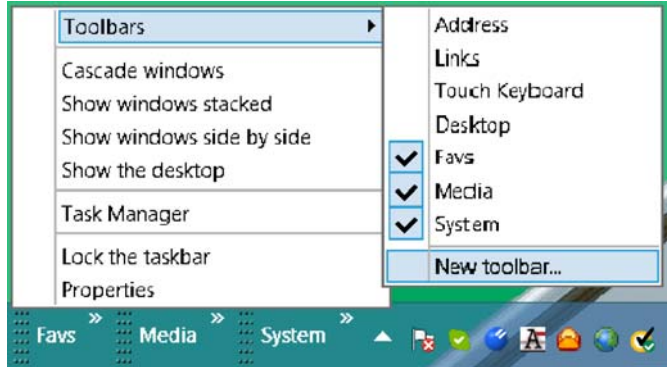

The Image below shows an example part of my **Start Menu** in **Windows 10 PC** which I use when hosting **NVM's Computer Group**. As can be seen some of the **CyberLink** programs are easily accessed while others require Folder browsing to run them.

My solution was first to make some **Folders** in **Windows 10** drive 'C' named **CyberLink, System, Tools** and later added a **Shortcuts Toolbar** on the **Taskbar**

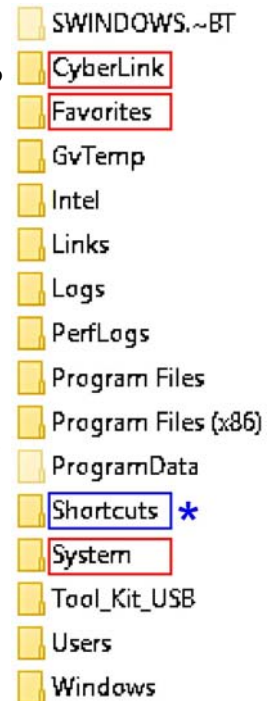

(image shown below left and below). The first **3 Taskbar Toolbars** require **2 Clicks** to launch any program within while the **Shortcuts Toolbar** requires **3 clicks**. **3 PowerDirector** versions have been installed as some of

the **NVM PC Group** use different versions of **PowerDirector** and they all co-exist in **Windows 10**.

The Reason for the **Shortcuts Toolbar** was to make more room on the **Taskbar** by moving the previous **3 red bordered Folders** inside it (see image at right) and later deleting them as they were no longer needed making more room on the **Taskbar**.

By having just the one **Shortcuts Toolbar** makes the **Taskbar** less crowded. Quite a few more **Toolbar** categories can be added to it for easy **3 Click** access instead of browsing the

Start Menu.

To create a **Taskbar Toolbar**, **Right-Click** on the **Taskbar** then **New Toolbar..** (see image at top) and browse to the location where the created **Folders** are and select it. Image at top is for **Windows 8** on another **PC** while image bottom left is for **Windows 10**.

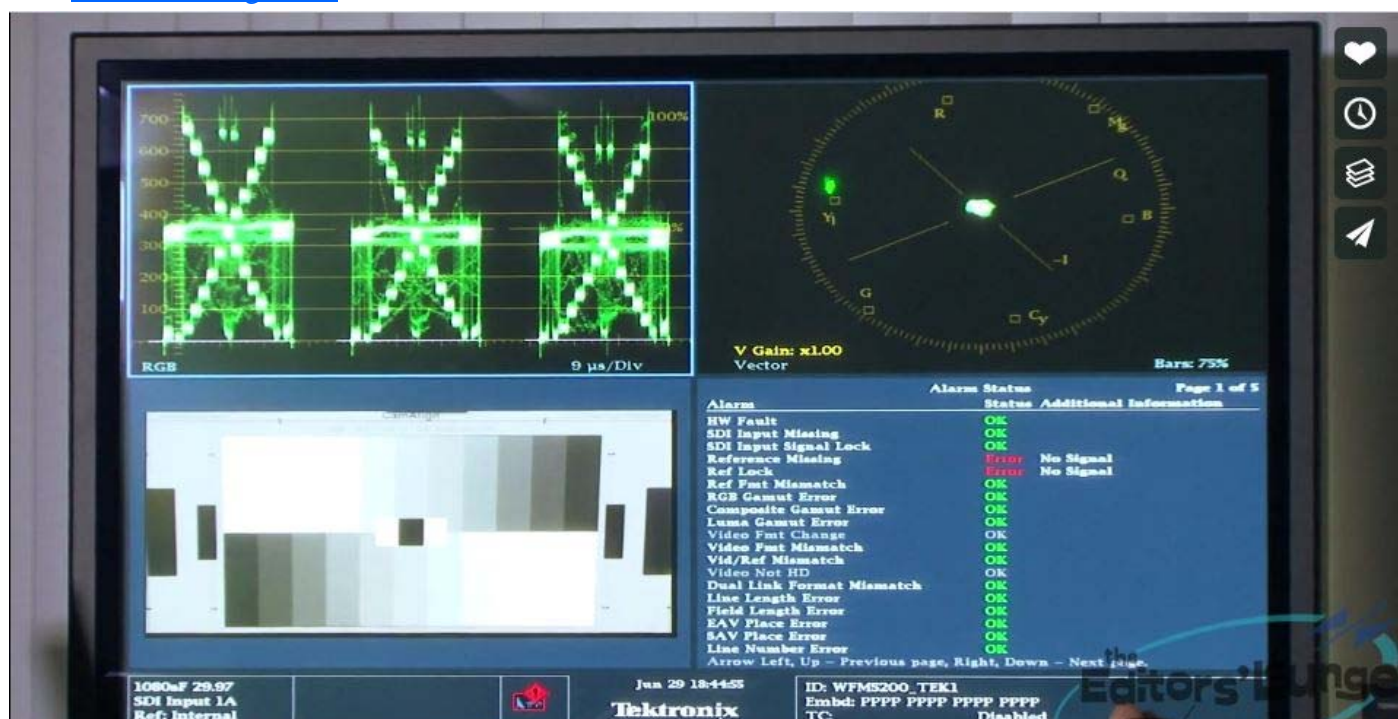

After making main **Folder** and **Sub Folders** on **Drive 'C'** or any other permanent drive, simply copy the **Desktop** and/or **Start Menu Shortcuts** to the created **Folder** categories as I have done. Some **Windows 8/10 Shortcuts** can be copied between **PCs**. **JPL**

Steve Hullfish Color Correction Tips

from [Editors' LoungePRO](#)

<https://vimeo.com/55139561>

Has a director ever asked you if you can fix a few bad shots? Have you struggled to make a final sequence look better? Steve Hullfish brought the art of color correction from the dark arts to the light of day in 2002 with his book *Color Correction for Digital Video: Using Desktop Tools to Perfect Your Image* (now in its 2nd Edition), followed in 2008 by *The Art and Technique of Digital Color Correction* (2nd Edition just released). At this special Editors' Lounge, Steve Hullfish gave a boost to attendee's color correction skills by revealing his tips and tricks in an up close and personal presentation. This event was hosted at [alphadogs.tv](#)

MELB:URNE DOCUMENTARY FILM FESTIVAL

The Melbourne Doc Fest is one of the world newest documentary film festivals and one of the most fun and interesting stop over's on the international documentary film festival circuit.
